Hi Cami and Davis. Following is the NCP citation that DEQ requests to be incorporated into the Portland Harbor Proposed Plan. This should help support DEQ's case to the LWG that they are obligated to fund DEQ through completion of the Proposed Plan if not all the way through issuance of the ROD. Attached is the full citation.

§300.430(f)(2) Proposed Plan.

The purpose of the proposed plan is to supplement the RI/FS and provide the public with a reasonable opportunity to comment on the preferred alternative for remedial action, as well as alternative plans under consideration, and to participate in the selection of remedial action at a site .

Thanks.
